What is the CMBL & What We Do

▶ **The Centralized Master Bidders List (CMBL) is a master database used by the State of Texas purchasers to develop an email list for vendors to receive bid opportunities based on the products or services the state is procuring.**

▶ **CMBL is part of the Statewide Procurement Division (SPD), under the Texas Comptroller of Public Accounts (CPA)**

▶ **SPD is the central authority for state procurement in Texas**

How CMBL Works for You

- Develop Brand Awareness & Market Share in Texas
- Potentially receive bid opportunities from governmental entities and institutions of higher education, local governments and prime contractors by email
- State purchasers are required to use the CMBL to notify vendors of potential procurement opportunities
- Dedicated vendor program support and resources

Please note bid posting requirements

- **Procurement Opportunities up to \$5,000:** Competitive bids are not required but purchasing from state of Texas certified HUBs is encouraged. In such instances agencies will frequently refer to vendors registered (active*) on the CMBL / HUB Directory with the NIGP Class/Item *Note: University thresholds are slightly different from state agency thresholds.
- **Procurement Opportunities of \$5,000 to \$25,000:** State agencies are required to solicit a minimum of three vendors registered (active*) on the CMBL two of the three vendors solicited through this process are required to be state of Texas certified HUBs.
- **Procurement Opportunities over \$25,000:** State agencies are required to send notice of the procurement opportunity to all the vendors registered (active*) on the CMBL.

* Bid must match the [NIGP Class/Item Codes](#) applicable to the products and/or services being procured by the agency and are relevant to the [Texas Highway District\(s\)](#) where vendors can provide their products or services.

The Registration Fee

There is a cost of registering for the CMBL of \$70.00 per year. It begins the date of payment is processed and the registration expires on the anniversary of that date. The registration payment helps to cover the costs of the CMBL and HUB programs.

NIGP Codes have been revised effective April 2016. Codes have been added, deleted and or merged with other codes please use the [Commodity book](#) to review your Codes. For assistance please contact the CMBL Help Desk at 512-463-3459 or via [email](#).

- Agencies use the class-item numbering and descriptions found in this book to properly code products or services on their requisitions and purchases, so informal and formal invitations for bid will reach vendors that have indicated they are capable of furnishing the required materials, equipment, supplies, and services.
